

REMARKS

Claims 8-13 and 17-20 are pending in the present application.

The Examiner has required an election of species in the present application among the species of hydrogen bond accepting groups as in claims 9, 10, 17 and 20. Applicants hereby elect the species of hydrogen bond accepting groups of "nitrogen-containing heterocyclic group" among the hydrogen bond accepting groups recited in claim 9.

Claims 9, 11-13 and 17-19 are subgeneric and specifically recite this species as part of a Markush group. Claims 10 and 20 recite particular "nitrogen-containing heterocyclic group[s]" and so also read upon this species. The Examiner may begin search with the imidazolidine group as a sub-species of the elected species if that further election is also necessary.

Claim 8 is generic.
